

Express for Success!

Vibrant Voice for Team Building and Communication

- 🌀 **Ignite Your Team** because people matter.
- 🌀 **Communicate with Confidence and Ease** because you are your voice.
- 🌀 **Jump-start and De-stress** because happy, creative people work more effectively together.

Like Good Business, Music Is A Team Sport

All organizations face common challenges associated with team building, communication and cohesiveness. Vibrant Voice offers a unique, effective way to inspire and transform teams. Based on Peggo's 25+ years teaching voice and conducting choirs, Vibrant Voice helps participants:

- 🌀 **Communicate** with a confident, authentic voice.
- 🌀 **Express** themselves so people will listen.
- 🌀 **Speak** all day without losing their voice.
- 🌀 **Restore**, re-energize and inspire.

Like good business, music is a team sport. All the players are unique, essential and interdependent. Like singers in a choir or instrumentalists in a symphony, each voice is necessary for the beauty and harmony of the whole. Vibrant Voice is a fun, engaging way to help people experience the strength of their own voice and the value of their individual contribution to the team.

Transform Your Next Event with Vibrant Voice

Ready to ignite the creative spark within your team? Vibrant Voice is people-centered, experiential and tailored to fit your needs. Re-connect your attendees to their personal and organizational purpose, values and mission by including Vibrant Voice at your next conference or retreat. From one hour to a full day, Vibrant Voice has been effectively used as:

- 🌀 Keynote and break-out sessions
- 🌀 Pre- and post-conference workshops
- 🌀 Inspiration and energizing jump-start between left-brain sessions

"Peggo Horstmann Hodes has an intriguing and very effective workshop that helps employees manage and reduce stress. Her public speaking seminar is equally impressive. Peggo's energetic presentation style, combined with her expertise and creativity, immediately engages participants who gain an increased awareness and knowledge base, and immediately applicable skills. I enthusiastically endorse her."
